Know All Men by These Presents, That I., C.F. & Ruth Reimers

do hereby subscribe for and agree to take 5.0 shares of the capital
stock of the Orland Unit Water Users Association, a corporation duly
organized under the laws of the State of California, and in conformity
with the Articles of Incorporation and By-Laws of said Association and
in consideration of the benefits to be received therefrom, I hereby co-
venant and agree as follows:

1. The said shares of stock and all rights and interests repre-
resented thereby or existing or accruing by reason thereof, or incident
thereto, are to be insepable appurtenant to the following described
real estate, that is to say:

   5.0 acres located north of lateral # 202
   in north 1/2 of the south west 1/4 of the north east 1/4
   Section 11, Township 22 N, Range 4 W, M D B & M

2. The Undersigned Hereby Agrees, That the right to any water
heretofore appropriated by him, or his predecessors in interest, for
the irrigation of the lands above described or customarily used thereon,
shall become appurtenant to such lands and be and remain incident to the
ownership of the above shares appurtenant to such lands. There shall
be further incident to the ownership of such shares, the right to have
such water delivered to the owner thereof by the Association for the
irrigation of said lands, as the Association shall from time to time
acquire or control means for that purpose: Provided, That the whole
amount of water actually delivered to such lands from all sources shall
not exceed the amount necessary for the proper cultivation thereof.

3. It is Agreed and Understood that the records of the Associa-
tion, as well as the certificate or other evidence of ownership of the
shares of stock in the Association, when issued, shall contain a de-
scription of the lands to be irrigated, as appurtenant; and all rights,
whatever their source or whatever their manner of acquisition, to the
use of water for the irrigation of said lands, shall hereafter be forever
inseparably appurtenant thereto, together with the said shares of
stock and all rights and interests represented thereby or existing or
acquiring by reason thereof, unless such rights shall become forfeited
under the provisions of this contract, or of the By-Laws of the Associa-
tion, or by operation of law, or by the voluntary abandonment thereof
by deed, grant, or other instrument, or by nonuse for the term pre-
scribed by law; but no such abandonment shall be for the benefit of any
person designated by the undersigned or his successor, directly or in-
directly, or to his use, not confer any right whatsoever upon the
holder of any grant, release, waiver, or declaration of abandonment of
any kind: Provided, however, That if for any reason it should at any
time become impracticable to beneficially use water for the irrigation
of lands to which the right to use of the water is appurtenant, the said
right may be severed from said land and simultaneously transferred
and attached to other lands to which shares of stock in this Association are
or shall thereby be made appurtenant, if a request for leave to transfer,
showing the necessity therefor, shall have first been allowed by a two-
thirds vote of the Board of Directors at a regular meeting and approved
by the Secretary of the Interior.

4. Every transfer of the title to said lands to which the said
rights and shares are appurtenant, whether by grant or by operation of
law (except where the land may be subjected by grant, or involuntarily
under any law, to an easement, the exercise of which does not interfere
with the cultivation of the soil by the servient owner), shall operate,
whether it be so expressed therein or not, as a transfer to the grantee
or successor in title of all rights to the use of water for the irriga-
tion of said lands, also all rights arising from or incident to the
ownership of such shares as well as the shares themselves, and upon
presentation to this Association of proof of any such transfer of land
the proper officer shall transfer such shares of stock upon its books
to the successor in title to said lands.

5. Any transfer or attempted transfer of any of the above shares
of this Association made or suffered by the owner thereof, unless simul-
taneously a transfer to the land to which they are appurtenant is made
or suffered to or in favor of the same party, shall be of no force or
effect for any purpose, and shall confer no rights of any kind whatsoever on the person or persons to whom such transfer may have been attempted to be made.

6. The undersigned or his transferee agrees to make prompt application to the proper authorities of the United States for a water right for the land represented by his shares, and duly proceed to the perfection thereof, in full compliance with the law applicable thereto and the rules and regulations established in pursuance thereof, as soon as official announcement shall be made that water for such lands is available from the works constructed, owned, or controlled by the United States.

7. The undersigned shall, as prescribed in this contract, make application to the proper representative of the United States for a water right, at a rate not exceeding one acre for each share. Upon proper proof to the Association that such application has been accepted, and that he has complied with all the requirements in relation thereto, such subscriber shall be deemed to have paid on his stock the amount then paid to or for the use of the United States for such rights.

8. Calls and assessments shall be made and levied from time to time for the collection of the amounts due on the shares of the stock of the Association, in pursuance of the requirements of the United States in connection with such water right applications; and when all payments required for such rights shall have been made, and when proper evidence of the perfection of such water right has been issued, his stock shall be deemed and held to have been fully paid up, and until fully paid he shall be liable therefor; and the payments due thereon in pursuance of assessments and calls duly made by the association shall be a lien upon such lands and shares, and the said lien shall be enforced by the association by foreclosure and sale of said stock and lands, or so much thereof as may be necessary, in the manner provided by law for the foreclosure of mortgages, and the purchaser at such sale shall be entitled to the benefit of all payments on the water right appurtenant to the land purchased, and shall take said lands subject to the obligations and conditions herein provided; but nothing herein shall be construed as permitting any redemption of such stock and lands except as provided in the By-Laws.

9. Assessments may be made from time to time as required for the operation, maintenance, repair, renewal, replacement, improvement, enlargement, or extension of the works owned, controlled, or to be maintained by the Association and for the construction, acquisition, or control of any works, property, or rights required in connection with the business of the Association and for the fulfillment of any obligation undertaken by it, or for the carrying out of any of its purposes.

10. It is understood and agreed that expenditures for purposes that are of benefit to a part only of the share-holders may be specially assessed against such share-holders in proportion to such benefits.

11. Assessments shall become due from time to time, as they are made and levied, a lien on the said lands and shares of stock of the undersigned and his transferee, all rights and interests represented by said shares, and until they are paid or otherwise discharged, shall be and remain a lien thereon. The manner of enforcing said lien shall be by foreclosure and sale of the stock and lands as herein provided for payments on capital stock.

12. It is expressly understood that business may be begun and that the subscriber shall be liable for any assessments or calls made or levied after 5000 shares of the capital stock shall have been subscribed.

13. The undersigned furthermore grants...to the Association or to the United States, as the case may be, such right of way over the lands described herein as may be necessary for canals, tunnels, or other water conduits, and for telephone and electric transmission lines required in connection with the works constructed by the association or by the United States for the use and benefit of the share-holders.

14. It is further understood that no stock-holder shall be entitled to more than 150 votes, and the benefit of any laws to the contrary is hereby expressly waived.

15. The undersigned furthermore agree...to be bound by all the terms, conditions, limitations, and provisions contained in the Articles of Incorporation and By-Laws of said Irrigation Unit Water User's Association, including all amendments thereto now existing or which may hereafter be duly adopted.
