

**STATEMENT OF CANDIDATE FOR  
U.S. REPRESENTATIVE IN CONGRESS, DISTRICT 10**

**MICHAEL J. "MIKE" BARKLEY**

**Occupation:** Lawyer/CPA/Programmer

**My education and qualifications are:** Dear friends and neighbors,

I am a lawyer, certified public accountant (inactive), computer programmer, and activist in local government, water, and environmental issues. My mix of skills makes me uniquely suited to represent you in Washington. I live in Manteca and I'm in the phone book. I'm less than 40 minutes away from every one of you in this District except for those of you in La Grange which is an hour away.

I have met thousands of you at your front doors over the past year and would meet all of you if I could. Before you vote, please see my platform on my web site, [mjbarkl.com/run.htm](http://mjbarkl.com/run.htm) (mjbark ell dotcom). I believe my many specific proposals on my platform will solve this country's and this District's problems and dig us out of the mess we are in. As my platform shows, I am a very strong advocate for labor. If you are an independent voter, you have asked me for specific platform proposals, not broad generalities. If you are a balanced budget voter, my U.S. Budget on my platform balances this year, ends deficit spending and fully funds and protects Medicare and Social Security forever with no cuts. If you are a farmer, my specific California water plan on my platform supplies 100% of your irrigation needs forever. My home email is on that page. Please email me any questions and comments you might have.

Thank you and best wishes, Mike Barkley

**STATEMENT OF CANDIDATE FOR  
U.S. REPRESENTATIVE IN CONGRESS, DISTRICT 10**

**CHAD CONDIT**

**Age: 44**

**Occupation:**

**My education and qualifications are:** Most of what is wrong in Washington is caused by partisanship.

Congress was not always this way. It was not that many years ago when Independent Democrats and Independent Republicans worked together to solve problems. The partisan Washington crowd, on both sides, has silenced the independent thinkers.

The best way to end this bitter partisanship is to elect independent candidates not connected to either the Republican or Democratic Party bosses or their special interests.

I grew up in Ceres, watching leaders, both Republican and Democrat, who like my father, worked to lead our Valley in an independent, bipartisan way ... always putting the Valley and our country ahead of their party.

As a former member of the United States Navy, I am concerned about the future of our armed forces and American foreign policy.

As a native of our district for 36 years, I am concerned about the future of our community.

Agriculture is the heart and soul of the Central Valley. We must make it the engine of our economic recovery. Agriculture can also be the most trusted and powerful tool of American foreign policy.

Government cannot right every wrong. But, it must be fair. The tax system must be reformed. The integrity of social security must be protected.

I understand the political courage it takes for someone to support an independent candidate for Congress. But, it is the one step that will make a difference. I respectfully ask for your support for Chad Condit, Independent for Congress.

**STATEMENT OF CANDIDATE FOR  
U.S. REPRESENTATIVE IN CONGRESS, DISTRICT 10**

**JEFF DENHAM**

**Occupation:** Farmer/U.S. Representative

**My education and qualifications are:** As the Valley's representative in the House of Representatives, I am working to improve our economy, protect our farms and small businesses, increase water storage; reduce debt and wasteful spending.

I'm a 16 year Air Force veteran and local almond grower who ran for congress two years ago out of concern for the taxpayers, farmers, small business owners, seniors and veterans who need a voice in Washington.

My first priority is to get spending under control and eliminate debt. Years of irresponsible congressional spending has created a \$15.5 trillion debt and our Country is borrowing billions from foreign countries that do not share our values or priorities.

I wrote the Civilian Property Realignment Act (CPRA), which has passed the House of Representatives, to downsize the federal government by selling or consolidating underutilized properties. CPRA will save billions of taxpayer dollars by selling off what we don't need and better utilizing what we keep.

With your vote, I will continue to work to: eliminate waste; lower fees and regulations on small businesses and farmers; Increase water storage; keep our defenses strong and border secure; make us energy independent by using our resources in North America. I'll always stand up for our veterans and military families.

I have the support of San Joaquin County Supervisors Ken Vogel and Leroy Ornellas and many local law enforcement, city council and school board members.

I'd be honored to receive your vote.

**STATEMENT OF CANDIDATE FOR  
U.S. REPRESENTATIVE IN CONGRESS, DISTRICT 10**

**JOSE HERNANDEZ**

**Occupation:** Astronaut/Scientist/Engineer

**My education and qualifications are:** I was born in French Camp, CA, grew up working the fields in the San Joaquin Valley, helped invent mammogram technology to detect breast cancer, and then realized my American Dream of flying a mission to space.

Now I am running for Congress to keep the American Dream alive for every family in California.

At a young age, my parents instilled in me the value of hard work and education – and an unshakable belief in the American Dream. I have held strong to those values, putting myself through college and graduate school, and becoming an engineer and scientist.

That's why in Congress, I will focus on education – so that every Californian willing to work hard will have the opportunity to get the job of their dreams in this economy.

And as an engineer and scientist, I understand that we need more problem-solvers in Congress, not more people who go to Congress just to argue. I'll focus on creating high-paying jobs in agri-business and technology, help small businesses hire new workers, and put the middle class first in line for tax relief again.

I am proud of what I have accomplished – representing America as an Astronaut, helping invent mammogram technology while working as an engineer, and raising five children with my wife, Adela – but nothing will make me more proud than to help restore the American Dream for my family and yours.

## I submit the following statement:

Name: Troy Wayne McCormak Age (Optional): \_\_\_\_\_

Occupation (Optional): \_\_\_\_\_

Hello voters my name is Troy McCormak. I want to be your representative and voice inside the House of Representatives in Washington DC.

I graduated High School in Patterson California where I was the Senior Class President, and where I still live. I went to Modesto Junior College and received a degree in General Education with Honors in 2005. I also went to California State University Stanislaus and received a degree in Biology in 2007, all while serving as a senator for student government.

After College I was a: Research and Development Scientist, a Tutor, a Staff Scientist for an environmental cleanup company, a substitute teacher, a world traveler, and I am currently small business owner.

There are problems with the economy and I know how to fix them, for I have been on the front lines working hard. I promise to the voters to give it all that I have to remedy the problems that we as a nation are facing by holding fast to the ideals instilled in the Constitution by our Founding Fathers. I will do my best to do my duty of serving as your representative by drafting laws to make government more efficient through the competent use of technologies.

I will use my innovative problem solving skills to bring together other members of Congress to obtain a new age of American prosperity. We are the Government, let the world hear your voice through me.

Sincerely,

Troy McCormak
